Dear Sir,

It is impossible for me to say how happy I am made by my Friend Winslow's letter to me, & the perusal of the Colonel's Letter to Geo^d. Wentworth. — His Representation of the Discomagements under which His Majesty's Arms Corps have been raised, & have served, Merits the warmest & most lasting Acknowledgments of Gratitude from every person connected with these Corps, as well as from all others who wish well to the Royal Cause, & the Glory of the British Nation.

I am so pleased with the whole Letter, and so deeply interested in some parts of it, that if I had time I should possess myself of a Copy of it. — but I must not detain it a Moment lest the precious Opportunity of conveyance should be lost.

Yours, Dear Sir,

Very sincerely

Edm^d Fanning

Ward Chipman Esq.
