

information, I desire a most friendly & affectionate remembrance
to you. — I do not think it improbable at all that Genl.
Fox will go out Governor of S^t. John — it is in contem-
plation to have a Governor General over all the British
Settlements contiguous — if so — Sir Bay will be the man.
if he can be prevailed upon to go out —
— Consider upon these things. Act accordingly. —
The case of our Lands, they must now become very
valuable. —

I was yesterday morning with L. Sachville
he wished to see your letter respecting Nova Scotia, and
spoke very handsomely of you. — I sent him that part
of the letter & the hints of arguments you enclosed by
Genl. Fox, for the separate Governments at S^t. John —
upon the whole I think all will go well. — Sir Bay
is warm for the new Government & his opinion will
have very great influence. — entre nous I fancy Judge
Lusk

will apply for the Chief Justice-ship, — he says I had better get
the appointment of Attorney Genl. If I can L^c. & C^c. — but not a
word of all this for a thousand Reasons. — Whatever you
may have in contemplation write immediately to all your
Friends. — Write me such another letter as your last.
It will be of great service to me as well as you. — You
are held up as a man of the first consequence & intelligence in
this Country & I have the honor to be mentioned as your
particular & confidential correspondent. —

I hope now to get my own matter I mean the board
of claims business upon some footing or other. —
Don't forget my half-pay Agents I beseech you. —

Adieu once more my Dear Fellow

Believe me unalterably your

affectionate
Chipp
