

U.S. ARCHIVE

Give love to Mama, Cousin  
and the little ones - I accept the wishes of  
multos et felices, not as they are offered  
by every body to every body, for mine too  
they grow on the tongue, with me they  
grow from the heart.

As ever  
Your affectionate  
much obliged

To you ever read sermons? If you do I  
think you will be pleased with the inclosed  
I seldom have met with one I liked better. Has  
Paxon Cook ever shown you the abstracts of  
the Society to 05 of 6? If he has not I can  
send them to you. A magazine for July  
is inclosed for Mama. I haven't received any  
more yet.
