

Sir

U.N.B. ARCHIVES

I enclose a letter from Col. Winslow
which I was to have had the honor of delivering
in person but on my arrival here yesterday ^{from Fred Nelson}
found your letter of the 5th inst. to Col Winslow
acquainting him that two thousand four hundred
would be sent round in the Ship which was
sailed the 1st of April. In consequence of this in-
telligence I have thought it my duty to remain
at this place & take charge of the money on
its arrival. As the vouchers which I was entrusted
with are ^{not regular} ~~not of the same kind~~ being for
money paid on account or partial payments
or abstract where a number of persons are included
they cannot be made up in a regular account
current & so I have accordingly retained them in my hand
that ^{may} the payments ~~can~~ be completed
