

The happiness of seeing you here this Spring. I will only add that besides Your own knowledge of my Character, a constant Service of Ten Years may be a further recommendation of me to Governor Fiske, and that Your together with General Campbell's and perhaps Major Campbell's recommendation will still secure me Bread.

With the fullest confidence in Your Friendship on this as on every other occasion you have manifested to me.

I remain,

Yr

Your obliged faithful Serv^t

W. Pittman
