

to expect Sir Rich. King
will come out in good force
to Newfoundland, and be with us
soon. It may be expected.

That the Melampus will be
in his Squadron. — All was
well 4 days since at Boston
and quite disposed to amity &
strict Neutrality.

I hardly know how
I've wrote so much. for
my eyes scarce do their office
and my head is like an
old pumpkin. — but my
Heart is found, and

completely desirous of some
good occasion to verify its
cordiality to you, & yours.
than which nothing
can give more happiness.

To My dear Sir
Your sincere and
obliged friend
Wentworth.
