

John Winthrop.

MS. A. 9. 2. 1. 1. 1.

to remember me in the kindest
manner to Mr. Chipman, for whom, I
entertain the greatest esteem. perhaps
He may think it expedient to gratify
us with taking Halesford in his
route to Boston. I have informed
Col. Barclay that the E of Moria Brig:
should attend to convey him, his family
and suite. We are in anxious suspense
to learn the destination and efforts of
the french, dutch & spanish armaments.
Ei: Pri: & Ireland cannot possibly be their only
object. Jamaica. These Colonies. & the States
of America, seem to present Objects for their
wild ambition, & inordinate rapacity.
Nothing can be too mad or too desultory
