sent to the several Governors in the West Indies, not
to admit any American Vessels, not allowed of
by Law, unless in cases of real, and very great
Necessity. — This measure will give a different
tone to the trading interest of these Colonies — if
those Instructions are obeyed.

I frequently hear from your family all are
very well, and accounts pleasant from them.

Mailes and Richard are expected here this week.
The House of Assembly meet the last of month. I
shall not attend, as a thing wholly unnecessary in the
absence of so many and the weakness of others, which
is worse. — Mr. Mager has married his two
Daughters to Major Fitzgibbon, and Capt. Donnyson
of the 5th Regt. — It is unnecessary for me to give
you any domestic intelligence as the Major General
Coffin will hand you this — that from him you will
hear all you may wish to know.

I hope you will not forget the application
for a Deputation for my son Charles Edward who
desires me to remind you — His cruising round the
Coast puts him in an awkward situation without
and does not answer the purposes of Government.

The General, Coffin will assist in any part of the
business you may point out to him.

I hope among other matters you will remember
the poor Indians, and the Missionaries who have been
faithful under the Board. — that with Coffin you
can make such a statement as to counteract the wickedness
of those who have deprived those poor creatures of bread.

I have recommended Lord Sheffield to you for
information on the subject of Trade to the West Indies from

Colonies and our abilities to supply the Islands
with and Lumber — you will leave your address
his House in Privy Gardens — He will then call on

you.

I am Dear Sir Yours
very affectionately
G^o. Somerset
