My Dear Winslow

Your letter of the 14th March
gave me the greatest satisfaction &
behind me. Alas! circumstances have
prevented my seeing or hearing from you
there is no one ^{who} has a more real regard
& respect for you than I have. I write to
Col. Gordon about your son and I
should suppose there will be no great

difficulty in getting him a Lieutenancy
with regard to yourself. All the ap-
pointments here were filled up by
