Nov. 5. Brought along — a rainy-squally day — tho
it does not blow very hard — not more than fresh
— I hope this will be the last week of my tarry-
ing here — I am tired out & out — in so solitary a
situation — employed in such a little piddling
business — Trading for Apples — & Cyder —
— When the Cyder is on board shall have only the
smallest of my small Affairs to settle & finish & then
for Halifax — so it please Heaven —

Tuesday Nov. 6 — A Misty Cloudy day Wind
about N- moderate — Rec^d a Letter from Dr
Prime advising me to tarry till is last of the
month — Doing nothing all day — the Gondo-
la not yet returned,

Wednesday Nov 7. The Gondola arrived with
25 bbls Cyder & 22 bush Turnips — & 3 2/3
beef the latter such Carion that I shall not
keep it — tis intolerably vexatious to have to do
with people whom you must watch in every
trifling affair — I tho^t I could have trusted
Col^l J^r — to send me a little beef —
