

Observations #6

at Cape Fouchu — rise 14 feet . . . 9. clock
off Annapolis . . . 18 . . . 10.

Cape Sables in Lat. $43^{\circ} 27' N$. Long $65^{\circ} 34' W$
Liverpool . . . $44^{\circ} 8'$. . . $64^{\circ} 34'$

Sambro Light . . . $44^{\circ} 32'$. . . $63^{\circ} 29'$

Southern Seal Island $43^{\circ} 26' S$. End
Western Edge of Western Ground of Hable

from 50 to 60 fath^m. Water Gravel in abt. $65^{\circ} W$

Halifax December 1780

Tuesday 26 — last night a Small Schooner
arrived from N York brings us very agreeable
intelligence — Things look well —

[Handwritten signature]

Halifax January 1781

Tuesday 2. about 7 ^{pm} weigh'd anchor
for Charlestown S Carolina, about 12 at
Night Sambro Light bore NW about 6
miles distant from thence I take my
departure Sambro in $44^{\circ} 32' N$ Lat
 $63^{\circ} 29' W$ Long
Charlestown in $32^{\circ} 45' N$ Lat
 $79^{\circ} 50' W$ Long.

Wednesday 3

Course. dist	S. 8	Course.	S. $19^{\circ} E$
SE.	6. 4.2. 4.2	dist.	68 miles
SE $62^{\circ} 12'$	59.3. 18	X Lat	64 miles S
	63.5 22	dep. 2.	22.
		Lat & dist.	$43^{\circ} 28' N$
		Long. made	$0^{\circ} 30' E$
		Long. in	$62^{\circ} 59' W$

Lost my Obsⁿ to day by having my
Quadrant moved after adjusting it

W
vⁿ $1\frac{1}{4}$ & $\frac{1}{4}$ p^r. for coming
too of our course
