Thursday 18. To day the S.^t Lawrence ^{was}
 for London in ^{her} went ~~any~~ friend & near
 Relation Miss S. W. w. she left her
 friends - & embarked for her voyage with
 a Spirit & resolution wch would have done
 credit to those People who are called
 In short - Her sense of what she owed to her
 Family made her superior to all her apprehensions
 of disagreeables - difficulties & dangers -
 w^{ch} I take to be essential to
 God Preserve & prosper her

Friday 19. Weather rainy Wind S.W.
 blows at times hard - poor Miss W.
 must have a very uncomfortable day
 - I wish to God - I could give her some comfort
 in such a disagreeable situation as her's must
 be today
