Sunday July 22 - For want of the money with I de-
pendent upon M. G. & C. - & for I was forced to give up
a passage to York in a Vessel ^{ch} sailed last Friday
whither I was going to ^{seek} a passage to England

- I do not know -

Whether then I should have gone too fast

Or whether now I go too slow - to accomplish

the business I have in view - All I know is if
I have neglected nothing that was necessary to be
done to get myself off - so let the consequence be
as it may I have nothing to blame myself for
- That's some comfort under disappointments -
