a single days journey - Heaven knows what is become of me - for my part I can't guess how my present dark prospect will end - However I have one thing to thank Heaven ^{for} my hopes not yet fail me

Wednesday 16 sailed for York. 2 merchant Ships an
ordnance Ship & some others - convoy - 4 Ketches
Thursday 17 arrived a Schooner from York out
11 days

Saturday 19 sailed for Boston a Cartel - in
went a Cap Adams & his Officers - he was the per-
-son who helped to bring the Blonde's People
from off the Seal Islands after the loss of the ship
- His generosity in that affair - deservedly recom-
-mended him to ~~some~~ a particular regard
which the People ^{here} both in & out of Authority -
have not omitted to pay him
