

This moment receive
your letter by D. Wright, and am
sorry to find ^{from him} that your attack of
the Gout has been severer than
you expected. M. Coffin's report
shall be copied & sent in the
Racoon which sails in about
ten days. The information
against Messrs. Cochran I
will inclose you. I wrote
you Nov. 20 & 26 & hope
you have received my letters.
They were sent by Expressman.
It is a chance if D. Wright's
speculation prove successful
as there is a very large prospect
of Physicians already here.
