comb, and returning to St.
Andrews ----- 74

Carried up. - 178

From the 13th Decr. to
the 25th February inclusive,
have planned the joint-
Survey (that is from the head
of the 2^d. Lake to the Source
of the River) in which is in-
cluded the calculation of the
Latitude & departure of every
course, and also all the inter-
sections, or observations along
the Lakes &c. (which are calcu-
lated by Logarithms) ----- 73

From the 26th of Feb^r to
the 31st of March inclusive e-
qual to 34 days, have complet-
ed the Plan of the River &
Lakes so far as was survey'd -
Carried
